VERIFYING HOUSEHOLD SIZE & INCOME

_____ (initial) - I have read the **Choice Scholarship Program Income Limits by Household Size 22-23**.

_____ (initial) - I have read the **Choice Scholarship Program Income Verification Rules 22-23**.

If a 2021 Federal Tax Return is available and provides a **current & accurate** picture of household size and income, the Adjusted Gross Income amount on the Federal Tax Return should be used to determine income eligibility.

- If members of the same household filed separate 2021 Federal Tax Returns, the Adjusted Gross Income and household sizes for each return should be added together to determine the total household income and size and complete the *Household Summary Form*. **If separate Tax Returns are being used, please check boxes 2 & 3 below.**
- If the household size on the tax return is not an accurate representation for purposes of reporting within the Choice Scholarship Program, the parent/guardian **must** complete the *Household Summary Form*.

Choose all that apply:

- I will submit my 2021 Federal Tax Return (first page of 1040) because it provides an accurate picture of my household size and income. (One 1040 includes all income & indicates accurate household size.)
- My 2021 Federal Tax Return does not accurately depict my household income for purposes of determining eligibility in the Choice Scholarship Program. Please send me the *Household Summary Form* for my completion.
- My 2021 Federal Tax Return does not accurately depict my household size for purposes of determining eligibility in the Choice Scholarship Program. Please send me the *Household Summary* for my completion.

I have reviewed all of the requirements to determine household size and household income in its entirety and with my signature I verify that I have accurately disclosed this information on the Scholarship Intent Form to determine my student's eligibility for the Choice Scholarship Program.
